PROFESSIONAL SUMMARY

Motivated and passionate Computer Science student and Full-Stack Web Developer with practical experience in building modern web applications using HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB (MERN stack). Skilled in developing responsive user interfaces and scalable backend systems. Currently working at Intime Innovation Enterprise as a Graphic Designer and Web Developer, where I contribute to digital solutions and web development projects. Seeking an internship or junior developer role to apply my technical skills and grow in the software development industry.
